

DEERFIELD ACADEMY
2011 - ALTERNATE STUDIES PROPOSAL - OFF CAMPUS PROJECT - 2012

NAME _____ FACULTY SPONSOR _____

ADVISOR _____ FAC.RESIDENT _____ COLLEGE ADV. _____

"Off Campus" means that you do not attend any classes at Deerfield, nor are you resident on campus.

Note that the Alternate Studies Committee will reject any proposal if a student receives an end-of-term grade below 75% or is not in good standing in the community.

If you have been at Deerfield for more than one year and have fulfilled all of your diploma requirements, you may complete the proposal. However, if you are an athlete planning to play Division I or II athletics at college, you must remain on campus and take English. If you are currently enrolled in an AP course, you must make arrangements to take the AP exam at another location.

On a separate sheet of paper, type a description of your project and attach it to this form. Include in this description the following information:

- The objectives of the project - what you hope to learn and why it is important to you personally and educationally.
- A time-line with a detailed description of the various stages of the project that allow you to meet your objectives.
- The names of your faculty sponsors and non-faculty supervisors with whom you plan to work, and a description of the teaching arrangements you have made with them (frequency of meetings, shared materials, transportation arrangements, etc.).
- How you wish to be evaluated (Note that each student is required to produce a typed report at both the middle and end of the spring term; and to give a 45-minute presentation during the last week of school.)
- Signatures of the faculty sponsors and non-faculty supervisors, to indicate that they have read and discussed the project with you.

How many total hours during the term will you devote to your project? (Include evenings and weekends.)

_____ hours

It is important that you secure an on-site project supervisor who is willing to devote the time and energy needed to guide you through your project. We must have the accurate information below so that we can forward mail and reach you in case of need (e.g. College Advising Office, etc.).

Project Supervisor- Name, Address & Phone	Off Campus Residence- Name, Address & Phone

 (Signature of Project Supervisor)

 (Signature of Applicant)

 (Signature of Faculty Sponsor)

 (Signature of Advisor)
