

**Deerfield Academy**  
**Information Technology Services**  
**How to Start VPN (for Mac)**

1. Look for the *Tunnelblick* icon in the upper right corner of the screen. 
2. **Click** on the icon, and then **Click** *Connect 2019DAVPN*
3. You will be prompted to enter your credentials. Enter your Deerfield network (email) username and password.
4. **Click** *OK*.
5. You are now connected.
6. You can verify your connection by looking at the **Tunnelblick** icon. If the icon is dim, you have not established a connection. If the icon is dark, you have connected successfully.
