How to find and install ZOOM Updates**

To find and install the latest ZOOM Update –

- I. Watch the video provided here: [ZOOM Updates](#)

OR

- II. Follow these simple instructions:

- 1) Open and sign-in to ZOOM, via the ZOOM icon on your desktop, or found within your Apps or Programs.
- 2) Click on your profile icon in the upper right corner of the ZOOM screen.
- 3) Select "Check for Updates".
- 4) Follow the prompts to accept and install the latest update, or confirm that you are up to date.

Please remember that ZOOM is in constant development to protect both you and Deerfield Academy from security vulnerabilities, as well as to offer new functionality. Please install any update that is released unless you are instructed otherwise by ITS.
