

DEERFIELD ACADEMY

Deerfield, Massachusetts 01342 P: 413-774-1479 F: 413-772-1128 deerfield.edu School Code: 220685

The School

Deerfield Academy was chartered in 1797 to serve the local population of a rural village in Western Massachusetts. Since the 1920s, it has been wholly independent and committed to excellence in a full liberal arts curriculum and wholesome community life for young people from throughout the United States and around the world in grades nine through postgraduate. Deerfield's Core Values include citizenship, face-to-face interactions, connectedness, reflection and balance, pursuit of mastery, and shared experiences.

Admission and Enrollment

Applicants compete for admission on the basis of academic and extracurricular achievement, school records, recommendations, character and personal promise; we offer a test-optional application process, but students may submit scores on the SSAT, the PSAT, the ACT, or the SAT. In 2022, 2463 students applied for 212 spaces in grades nine through postgraduate. The 2022-23 enrollment of 656 students includes 74 day students and 582 boarding students from 36 states and the District of Columbia, and 47 foreign countries represented. There are 186 seniors in the class of 2023: 94 are boys and 92 are girls. There are 140 members of the faculty.

Cost and Financial Aid

The annual financial aid budget is \$13,500,000. Forty percent of the student body receives aid; the average grant for a boarding student is \$54,875. The 2022-23 tuition for boarding students is \$67,520.

Cocurricular Activities

Each student spends approximately two hours every weekday afternoon in a required faculty-supervised activity. For most students, this is an athletic commitment at the varsity, junior varsity, or recreational level. For others, this time is spent in dance classes or theater rehearsals, or pursuing volunteer work through our community service program. A few students receive permission to engage in special projects in art, music, or an academic field.

Academic Calendar

Deerfield uses a trimester calendar. We do not have official first quarter or midyear grades. Fall Term grades are available after Thanksgiving. **Colleges will receive Fall Term grades for all senior applicants and those should be used as a student's "midyear" grades.**

Academic Program

Deerfield students engage in five seminar-style classes (average size: 12 students) each term; most classes are year-long, though some are one- or two-trimester electives. Some students can choose to take a fine or performing arts course as a sixth pass/fail class. *Infrequently, an advanced student may be granted permission to take a sixth graded class.*

English and social studies classes at Deerfield are not leveled, with the exception of Honors European History, Honors US History, and American Studies. All world language courses, except those in Latin and Arabic, are conducted exclusively in the target language. As a result, some students find the adjustment to language classes at Deerfield to be difficult, and our placement of new students may reflect that. Academic work at Deerfield is evaluated on a numerical scale (0-100) where the minimum passing grade is 60. **One hundred percent of our graduates attend four-year colleges and universities.**

Curriculum

All of Deerfield's courses should be viewed as challenging and college preparatory. Many classes use college level texts and match the pace of an undergraduate college course; others are post-AP level and the Honors or AP-course is the prerequisite.

For a more complete look at our curriculum, please visit: deerfield.edu/courses

Our course numbering system conveys the level of each offering.

100 level = introductory (9th grade)

200 level = intermediate (9th/10th grade)

300 level = advanced intermediate (10th/11th grade)

400 level = advanced (11th/12th grade)

500 level = AP level/1st semester college level

600 level = post-AP/2nd semester college level

700-800 level = second year of college +

xx3 = Honors level (includes Accelerated, Advanced) for some courses

Advanced Placement Examinations

We currently only offer AP courses in math and the arts. Prior to the 2021-2022 academic year, we also offered AP courses in sciences and computer science. Many students will choose to take an AP exam to demonstrate proficiency in a subject, even without officially taking an AP course.

In the 2021-22 school year, 323 students sat for 739 AP exams.

89% of AP exams earned scores of 3 or higher.

Scores of 5 = 23%

Scores of 4 = 33%

Scores of 3 = 32%

Disciplinary Disclosure Policy

Deerfield Academy’s disciplinary system reflects the purposefully high behavioral and academic standards to which we hold our students. There are two components to reporting discipline—the institution and the student. Deerfield Academy has updated its institutional policy to the following: For as long as Deerfield Students are enrolled at the Academy, Deerfield will consider them in good standing and will not report internal disciplinary action to colleges, universities, and scholarship programs. If students withdraw pending discipline or are required to withdraw by the school, Deerfield will communicate that change in status. As for the individual student, when an application asks whether a student has a disciplinary or academic infraction at any time during their high school career, the student will answer the question honestly.

Deerfield Academy maintains and benefits from a relationship with colleges, universities, and other educational programs that is based on openness and trust. For serious infractions, we reserve the right to communicate with colleges or other programs regardless of the particular application’s requirements.

Pandemic Related Changes of Note

For the 2020 Spring Term, Deerfield transitioned to remote learning and all students received Pass/Fail grades.

For the 2020-2021 academic year, Deerfield adopted a modular schedule wherein all students were enrolled in two year-long equivalent classes each trimester, totaling six courses per year. Remote instruction, both synchronous and asynchronous, was available for students who were unable to return to campus or were forced to quarantine. In order to accommodate the new schedule, the following curricular adjustments were made:

- Accelerated science courses were not offered (Chemistry 1A, Biology 1A and Physics 1A) so students who ordinarily would have taken accelerated science courses were not given that option.
- AP Physics C was broken down into two full-year-equivalent courses, AP Physics C: Mechanics (Fall Term) and AP Physics C: E & M (Winter Term).
- We had to remove some courses from our catalog – for example, several one-term courses and Electric Vehicle Engineering were eliminated.

For the 2021-2022 and 2022-23 academic years, Deerfield has adopted a six-period rotating block schedule that features three 90-minute classes per day. The majority of students take five classes. *Please note that this means that our students had to adapt to three curricular structures from Spring 2020 through the 2021-22 school year.*
