We welcome PG families to attend a 30-minute informational panel with Student Life, College Advising, and Academic Affairs, preceding the full Spring Visit Day program. This segment will be dedicated to the post-graduate experience for students who have been admitted to join the Deerfield Class of 2025. Current students in their PG year will share reflections and be available to answer questions as well. This event occurs 30 minutes prior to the day's programming, in the same building as registration.
